GRIEF SHARE TESTIMONIES: "I went into Grief Share not knowing just what it would entail....I did not have any problems going into it, but I was in a period (some 10 years after Glena's death) that it was taking an emotional toll on me. Why it took so long, I'll never know. The videos and guides were great, but the interaction with others in the same boat as I was, was the best thing possible, because you could discuss your particular situation and issues with people who could understand as they themselves had lost a mate in most cases.

I was able to confront things that I never realized that I had not in the past years and gained fresh, new perspectives.....and I was able to confront certain things that I had refused to do so before. I would recommend it to ANYONE who has lost a soulmate, family member, etc." Craig Delich

"Attending Grief Share just ten months after my husband's passing brought me comfort at a time when I needed it. It helped me to talk to others and discovering that they had the same thoughts and emotions as I was going through. The videos and discussion taught me coping skills and provided me with advice on how to live my new life. I would highly recommend these sessions." Patti Golden

Be sure to stop and pray for the requests that are posted. When God has answered the prayer be sure to fill out a bright pink **answered prayer** card so we can all see how God responds to our prayers.
